

Torah for Teens by Rabbi Dr. Jeffrey Cohen - jacket endorsements

Torah for Teens is a marvellous work, full of inspiration, attuned to the challenges of our time and generous in the scope and depth of its understanding ... Rabbi Cohen brings his vast scholarly erudition to bear on all his topics, but he wears it lightly and writes simply and with grace. I recommend this work to everyone, not just teens. Each of us will find in it something new and arresting. Certainly I have.

Chief Rabbi Sir Jonathan Sacks

Jeffrey Cohen has spent many years teaching Jewish communities how to combine positive engagement in the modern world with unfaltering loyalty to Jewish teaching and practice. No attentive teenage reader will fail to be inspired by the wisdom contained in this invaluable book, which presents the truths of our tradition with signal clarity and offers its readers moral bearings by which to chart their life journeys. I hope that all my pupils will read *Torah for Teens*.

With *Torah for Teens*, Rabbi Dr Jeffrey Cohen has used his vast knowledge and experience to communicate vital messages to the youth of today using the weekly parsha as his springboard.

He has done this in a manner which can be clearly understood by young people and hopefully many will be inspired by these timely words of wisdom.
